

Find It

This scent game is a great way to burn off some extra energy, refocus your dog in a difficult environment, and to work their brain!

Start easy: toss a high-value reward onto the ground and say "Find It!" Make sure it's nearby and easily seen.

Cheer for your dog when they find and eat the treat.

Gradually toss the snack further away, even out of view! Build on success and be careful not to frustrate your dog. Try this outside in the grass as well!
